**Missionary Link**

Sauke First a big praise! In January, Linda went to Tanzania to train several missionaries in teaching English as a Foreign Language. Three of these missionaries needed the training so they would be able to teach English in a government teacher training college. Their goal is to win these future teachers to Christ (or identify Christians among them), disciple them, then teach them to be church planters. Teachers from this training college spread all over the country to teach in remote places. Since teachers are always welcome in any town, these teachers will have open doors to go to villages around the country to teach school—and at the same time plant churches. The missionaries started teaching in that college after Linda left in January, and recently she received a message from one of them saying that two of these future teachers have accepted Christ! Linda is rejoicing to have had a small part in equipping the missionaries to win and equip the nationals to reach unreached people groups! Linda will be at the EFCA Leadership Conference in San Diego. Pray that she will have valuable connections and conversations there. Pray that God will guide her in the significant meetings and appointments she has there. Pray for Linda as she facilitates a six-week online course, Kingdom Expansion 101, again, beginning July 6. Pray for a good mix of participants, that God will guide the right individuals to register, and that God will use the course in the lives of each one. Pray for Linda as she prepares to do training for a group going to the middle east for a full year. This new intensive training workshop is being developed and offered for the first time for short-termers who go for four months to up to two years.

Posenjak Gail is thankful for the prayers for her travel to PNG; she made it from Seattle to Goroka in 30 hours with her bags, and arrived in time for all the end-of-year school activities including Graduations. It was a very full first 5 days back, but well worth it. Gail has been able to spend some time with the Friesens and is thrilled to be able to get together with these dear ones from Faith! Gail appreciates our continued prayer as she gets her house set up and organized, and will begin working in her classroom. Pray for her class this next year as she has a great group of kids and is looking forward to get to know them. Pray that she will be able to encourage those who have a relationship with the Lord to get to know Him more and that she may be watchful to minister to those who may not know Him personally, yet. This year Gail will be one of the student council advisors in addition to her teaching ministry. This means she will be building relationship with about 122 of the junior and senior high students. She is looking forward to this ministry and prays she will be a good mentor for the students. Finally, please pray for the new teachers. They have many coming and already have heard that one family is delayed until term 2. Pray that the rest of the teachers will be able to arrive with no complications.
